

Jen's Friends Cancer Foundation

provides supplemental financial assistance and other resources to cancer patients and their families who are uninsured, underinsured, or financially challenged, allowing them to focus on battling cancer without worrying about the indirect financial burdens that often arise. Financial support is tailored to the individual's needs and may include support for housing, utilities, groceries, pharmaceuticals, childcare and travel costs. Since its inception in 1998, Jen's Friends Cancer Foundation is proud to be able to state that 100% of all donations goes directly to our families' needs.
